WHY ^{USE} CUSTOM TEMPORARY TATTOOS

UNIQUE

Your logo will get noticed!

Promote your brand or event with something that is sure to stand out from the rest. Tattoos are on-trend and interactive. Your customers will have fun applying the tattoos and will enjoy the reactions they receive. Customers seeing and talking about your logo...that's success!

FAST TURNAROUND

Concept to doorstep in days!

There is no lengthy planning needed for this effective promotion. The highest quality, full color, custom printed temporary tattoos can be on your doorstep in days!

MEASURABLE

Track the success of your promotion!

The back of your custom temporary tattoo can be customized for no additional charge. Display your website, email address, or other contact information. Add a promotion code, a coupon code, a sweepstakes code or a code to unlock a special feature on your website and measure your success.

I run a small nonprofit for at-risk kids in San Francisco and was looking for something fun to enhance our program. I found that with temporary tattoos. Thank you. ~Curt Y.

LOW COST HIGH IMPACT

The perfect promotion for just pennies!

Temporary tattoos are an effective, low-cost promotion. For just pennies a piece, you can maximize your marketing budget, get multiple impressions per piece, and achieve the impact you want.

KID FRIENDLY

Safety is our top priority!

Our temporary tattoos exceed all US and EU safety standards, and are CPSC and FDA compliant. Our tattoos are completely safe, non-toxic and will ensure a fun promotion for your company.

GENERAL INFORMATION

100% UNCONDITIONAL SATISFACTION GUARANTEE

We will exceed your expectations. If you are not satisfied with any purchase for any reason, we will replace the product, credit your account, or refund your purchase price. Please contact us to discuss any concerns you have about our company or your order. We appreciate the opportunity to work with you and thank you for your business.

ABOUT YOUR ORDER

NO CHARGE FOR WHITE INK
NO SET-UP FEE
NO TOUCH-UP FEE

Prices: Prices are firm when you receive our acknowledgment. Failure to confirm receipt of our acknowledgment will not delay production or invalidate pricing. Shipments are subject to an 8% over/under run.

Artwork: We will work with any type of digital file you have available. If you are not sure if the file you have is sufficient for printing, email it to us, and we will work together with you to ensure the best quality image possible by providing a proof for your approval. In general, GIF files and images taken directly from a website are too poor in resolution to make a quality temporary tattoo. Preferred files are EPS, AI, or TIFF.

Scannable Art: Please provide artwork at 300 dpi and 100% or greater of the desired print size.

Disk: Please send your CD or DVD along with a printout and disk directory with your order. We also have FTP upload/download capabilities for your convenience.

Tattoo white effect options (FREE):

• **No White:** Any white areas of the design will be clear when applied to the skin.

• **Spot White:** Only the white areas of the tattoo will have white ink. Therefore, in those areas your skin color will not show through when the tattoo is applied; those areas will be white on the skin.

• **Flood White:** The entire tattoo has white behind the color. When the tattoo is on paper the image will appear 'milky', but when applied to the skin the colors will be vibrant and the white areas will be white.

Proofs: Email proofs provided upon request. If you require a paper glossy proof, there is an additional \$50 charge.

Copy Changes: Copy changes may incur extra charges. If so, we will call you to explain and confirm your order.

US Shipments: There is a \$5 handling charge for the first location and a \$10 handling charge for each additional location.

Export Documentation: Export documentation will be provided for your shipment where required and/or requested.

Shipments: All shipments are F.O.B. Factory in Tucson, AZ.

Payment: Full prepayment is required with all orders. Terms are available upon request based on credit verification.
